

FAMJET ET SERIES Mobile

FAMJET DK Mini Mobile: the beginning of a new era in manual coding

FAMJET DK Mini Mobile is our new portable, manual, ultra-compact and ultra-Light INK-JET printer, equipped with HP® 12.7mm inkjet cartridges, powered by a rechargeable battery. This unique device, which weighs only 290 grams, was created to satisfy users for whom the freedom of marking, coding and labeling of products in terms of location and time is crucial. It is also the device for users who require a low cost of purchase and convenient operation. The DK Mini Mobile model cover all the basic features of the most common INK-JET printers. It makes prints durable and legible on a variety of surface types with contactless marking technology that enables automatic updating of variable data and printing text and graphic symbols using Windows®.
